Application for Certificate of Appropriateness – HPC – Page 2

<p>Application Requirements. All applications must be complete and include the required support materials (See Application Checklist below). Incomplete applications will not be forwarded to the Preservation Commission for review.</p>
<p>Fee. No fee is required for review of an application for Certificate of Appropriateness unless work is started before a Certificate of Appropriateness is approved. In such cases the fee is \$245.00.</p>
<p>Application Deadline. Applications and support materials must be submitted 21 days prior to the regular Preservation Commission meeting, the second Tuesday of each month. Applications may be submitted to the Community Development office or online at https://perryga-energovpub.tylerhost.net/Apps/SelfService#/home</p>
<p>Application Representation. The applicant or an authorized representative of the applicant must attend the public hearing to support the application and answer any questions the Commission may have.</p>
<p>Expiration of Certificate. The Certificate of Appropriateness is valid for 6 months (180 days) from the date of approval. If work is not completed within that timeframe, the applicant must renew the COA. A COA associated with a permit remains valid for the life of the permit.</p>
<p>Permits Required. Approval of a certificate of appropriateness does not waive the need to obtain any required permits.</p>

<p>Application Checklist. A complete application requires support materials. The following materials are required for a complete application. Incomplete applications may be removed from the HPC's agenda. Digital photographs and PDFs of plans/elevations may be emailed to comm.development@perry-ga.gov</p>	
<p>New Buildings and Additions</p> <ul style="list-style-type: none"> <input type="checkbox"/> site plan <input type="checkbox"/> architectural elevations <input type="checkbox"/> floor plan <input type="checkbox"/> landscape plan (specific vegetation not required) <input type="checkbox"/> description of materials <input type="checkbox"/> photographs of proposed site and adjoining properties 	<p>Site changes - parking areas, drives, and walks</p> <ul style="list-style-type: none"> <input type="checkbox"/> Site plan or sketch of site with proposed improvements <input type="checkbox"/> description of materials <input type="checkbox"/> photographs of site

<p>Minor exterior changes</p> <ul style="list-style-type: none"> <input checked="" type="checkbox"/> description of proposed changes <input checked="" type="checkbox"/> description of materials <input checked="" type="checkbox"/> photographs of existing building 	<p>Site changes - signs</p> <ul style="list-style-type: none"> <input type="checkbox"/> drawing of sign with dimensions <input type="checkbox"/> site plan or sketch of site (for ground signs) <input type="checkbox"/> description of materials and illumination

Estimated valuation of proposed modification: _____ (Commercial only)

We need a new roof.

We will be replacing the existing shingle roof with dark architectural shingles of a similar style and color to the existing shingles.

With the roof change we would be installing a ridge vent to better ventilate the attic space. No other changes will be made to the slope, characteristics, or color of the existing roof.

See photos below of our existing roof which will be replaced with similar shingles as well as photos of the homes around our home with existing ridge vents on their roofs.

Subject property 902 Washington Street Front

Subject property 902 Washington Street Front Right

Subject property 902 Washington Street Right Side

Subject property 902 Washington Street Rear

Subject property 902 Washington Street Rear Left

Roof of 901 Washington Street with ridge vent

Roof of 907 Washington Street with ridge vent

Roof of 906 Washington Street with ridge vent (This roof was replaced in the past year)

Roof of 900 Washington Street with ridge vent (Direct Neighbor)
