

Where Georgia comes together.

Perry GA Fire & Emergency Services Department

October 31, 2022

Dear Firefighter Applicant,

To provide the best possible service and quality fire protection for the citizens of Perry, all applicants for Fire and Emergency Services are required to participate in a structured evaluation process. To participate in the upcoming evaluation process scheduled to begin Saturday, December 10, 2022, the documents listed below must be completed and returned to the City of Perry Human Resources Office no later than the close of business on Friday, December 2, 2022. Your application can be returned in person, mailed to the City of Perry, Attn: Personnel, P.O. Box 2030, Perry, GA 31069, faxed to 478-988-2716, or e-mailed to K#SHDRY@perry-ga.gov

Your application package must contain the following documents when submitted in order to be considered:

- **Pre-application for firefighter**
- **City of Perry notice to firefighter applicants**
- **Essay form**
- **Non-Criminal Justice Applicant's Privacy Rights form.**
- **Applicants Privacy Rights - Notification Signature Form**
- **Application for employment**
- **Copy of High School Diploma or GED certificate. (A copy of a high school transcript will be accepted provided it has been notarized to be a true and exact copy of the original.)**
- **Copy of college degree diploma or transcript, if you have one**
- **State Certified Firefighter I or II certificate, if already certified**

The following documents provide the testing information and should be kept for your reference:

Schedules for:

- Practice firefighter physical agility test
- Firefighter physical agility test
- Entrance assessment center

Hard copy applications may be turned in to the Personnel Office (1211 Washington St., 2nd Floor) Monday through Friday, 8:00a.m. to 5:00p.m. Please feel free to contact the Personnel Office at 478-988-2797 if you have any further questions.

Perry GA Fire & Emergency Services Department

NOTICE TO FIREFIGHTER APPLICANTS

The City of Perry welcomes you as an applicant for a position with the Fire & Emergency Services Department. If you cannot meet or abide by the conditions and/or requirements listed below we suggest you do not complete a formal application. Exceptions cannot be made to these conditions/requirements.

- A. A high school education or its equivalent as recognized by the Georgia Department of Education. GED must be awarded by a state. United States Armed Forces Institute (USAFI) must be converted to a state awarded certificate.
- B. The minimum age limit for firefighter certification is eighteen (18) years old at the time of application. This is necessary so that you are certifiable by the Georgia Fire Standards and Training Council to satisfy our hiring requirements.
- C. Pass the required physical readiness test, physical examination, and pre-employment drug test.
- D. Willing to work in harmony and on any shift assigned, working 24-hour shifts that will include holidays and weekends.
- E. Must be a U.S. citizen.
- F. Must have a valid Georgia Driver's License or the ability to obtain one as required by law.

I have read the above conditions/requirements and desire to apply for the position with the Perry GA Fire & Emergency Services Department.

Non-Criminal Justice Applicant's Privacy Rights

As an applicant that is the subject of a Georgia only or a Georgia and Federal Bureau of Investigation (FBI) national fingerprint/biometric-based criminal history record check for a non-criminal justice purpose (such as an application for a job or license, immigration or naturalization, security clearance, or adoption), you have certain rights which are discussed below.

- You must be provided written notification that your fingerprints/biometrics will be used to check the criminal history records maintained by the Georgia Crime Information Center (GCIC) and the FBI, when a federal record check is so authorized.
- If your fingerprints/biometrics are used to conduct a FBI national criminal history check, you are provided a copy of the Privacy Act Statement that would normally appear on the FBI fingerprint card.
- If you have a criminal history record, the agency making a determination of your suitability for the job, license, or other benefit must provide you the opportunity to complete or challenge the accuracy of the information in the record.
- The agency must advise you of the procedures for changing, correcting, or updating your criminal history record as set forth in Title 28, Code of Federal Regulations (CFR), Section 16.34.
- If you have a Georgia or FBI criminal history record, you should be afforded a reasonable amount of time to correct or complete the record (or decline to do so) before the agency denies you the job, license or other benefit based on information in the criminal history record.
- In the event an adverse employment or licensing decision is made, you must be informed of all information pertinent to that decision to include the contents of the record and the effect the record had upon the decision. Failure to provide all such information to the person subject to the adverse decision shall be a misdemeanor [O.C.G.A. §35-3-34(b) and §35-3-35(b)].

You have the right to expect the agency receiving the results of the criminal history record check will use it only for authorized purposes and will not retain or disseminate it in violation of state and/or federal statute, regulation or executive order, or rule, procedure or standard established by the National Crime Prevention and Privacy Compact Council.

HEADQUARTERS Station 1207 Washington Street
P.O. Box 2030 | Perry, Georgia 31069-6030
Telephone 478-988-2850 | www.perry-ga.gov

If the employment/licensing agency policy permits, the agency may provide you with a copy of your Georgia or FBI criminal history record for review and possible challenge. If agency policy does not permit it to provide you a copy of the record, information regarding how to obtain a copy of your Georgia, FBI or other state criminal history may be obtained at the GBI website (<http://gbi.georgia.gov/obtaining-criminal-history-record-information>).

If you decide to challenge the accuracy or completeness of your Georgia or FBI criminal history record, you should send your challenge to the agency that contributed the questioned information. Alternatively, you may send your challenge directly to GCIC provided the disputed arrest occurred in Georgia. Instructions to dispute the accuracy of your criminal history can be obtained at the GBI website (<http://gbi.georgia.gov/obtaining-criminal-history-record-information>).

Authority: The FBI's acquisition, preservation, and exchange of fingerprints and associated information is generally authorized under 28 U.S.C. 534. Depending on the nature of your application, supplemental authorities include Federal statutes, State statutes pursuant to Pub. L. 92-544, Presidential Executive Orders, and federal regulations. Providing your fingerprints and associated information is voluntary; however, failure to do so may affect completion or approval of your application.

Principal Purpose: Certain determinations, such as employment, licensing, and security clearances, may be predicated on fingerprint-based background checks. Your fingerprints and associated information/biometrics may be provided to the employing, investigating, or otherwise responsible agency, and/or the FBI for the purpose of comparing your fingerprints to other fingerprints in the FBI's Next Generation Identification (NGI) system or its successor systems (including civil, criminal, and latent fingerprint repositories) or other available records of the employing, investigating, or otherwise responsible agency. The FBI may retain your fingerprints and associated information/biometrics in NGI after the completion of this application and, while retained, your fingerprints may continue to be compared against other fingerprints submitted to or retained by NGI.

Routine Uses: During the processing of this application and for as long thereafter as your fingerprints and associated information/biometrics are retained in NGI, your information may be disclosed pursuant to your consent, and may be disclosed without your consent as permitted by the Privacy Act of 1974 and all applicable Routine Uses as may be published at any time in the Federal Register, including the Routine Uses for the NGI system and the FBI's Blanket Routine Uses. Routine uses include, but are not limited to, disclosures to: employing, governmental or authorized non-governmental agencies responsible for employment, contracting, licensing, security clearances, and other suitability determinations; local, state, tribal, or federal law enforcement agencies; criminal justice agencies; and agencies responsible for national security or public safety.

I have read and consent to the above: _____

NAME

DATE

**Applicant Privacy Rights
Notification Signature Form**

Applicant Notification and Record Challenge:

Your fingerprints will be used to check the criminal history records of the FBI. You have the opportunity to complete or challenge the accuracy of the information contained in the FBI identification record. The procedure for obtaining a change, correction or updating an FBI identification record is set forth in Title 28 Code of Federal Regulations 16.34.

Procedures for obtaining a copy of the FBI criminal history record are set forth in 28 CFR 16.30 - 16.33 or go to the FBI website at <https://www.fbi.gov/services/cjis/identity-history-summary-checks>

Perry GA Fire & Emergency Services Department

Job Announcement Posting Dates: 10/31/2022 – 12/02/2022

PLEASE KEEP THIS PAGE FOR YOUR REFERENCE

As part of the hiring process for the Perry Fire & Emergency Services Department, applicants are required to pass a Physical Agility Test (PAT) to advance to the Assessment Lab Process.

Practice for the **firefighter PAT** has been scheduled for the following date and at the following location, rain or shine:

Saturday, December 3, 2022

Practice PAT will begin at **9:00 am**.

Perry Fire Department Station #2
150 Commodore Drive, Perry, GA 31069

(Please arrive prepared for a physical assessment: Athletic attire and hydration for both the practice PAT and the Firefighter PAT is expected.)

The **firefighter PAT** will be held on the following date at the location indicated, rain or shine:

Saturday, December 10, 2022

PAT will begin at **9:00 am**.

Perry Fire Department Station #2
150 Commodore Drive, Perry, GA 31069

Admission to the PAT is closed at the 9:00 am start time and no one else is admitted!

Those who successfully complete the PAT will then move on to the **assessment lab**. The date, time, and location of the assessment lab is as follows:

Tuesday, December 13, 2022

The **Assessment Lab** is a single day classroom event from 8:00 am until approximately 5:00 pm at:

Perry Fire Department Station #2
150 Commodore Drive, Perry, GA 31069

The classroom door for the assessment center will be locked promptly at the 8:00 am start time and no one else is admitted!

HEADQUARTERS Station 1207 Washington Street
P.O. Box 2030 | Perry, Georgia 31069-6030
Telephone 478-988-2850 | www.perry-ga.gov

You must achieve a **minimum score of 25 out of a possible 36 points** in the Assessment Lab to qualify for your application file to be reviewed by the hiring board. Based on that review, the application files will receive a ranking and the top candidates will be offered an opportunity to interview. Should you be selected for an interview, you will be notified as to the date and time of your interview appointment.

Interviews – Date, time, and location to be determined as the process proceeds.

After the interviews and reference checks, candidates must have at least 148 points to move forward in the process. For the entire process, there are a total of 250 points available.

The next step of the process will be the criminal background and driver's history check followed by a voice-stress analysis. If you successfully progress to this stage, you will be notified of the date and time for the examination.

Voice-stress examination:

It is important to understand the purpose of the voice-stress examination is not about what you may or may not have done in the past. Instead, we are looking for your ability to be honest, forthright, and not deceptive about what you may or may not have done in the past.

The voice-stress examination is significant in candidate selection since an affidavit of GOOD MORAL CHARACTER signed by the Fire Chief is required for you to become a state certified firefighter.

Candidates selected for hire will receive a conditional offer of employment which requires they pass a fit for duty physical and pre-employment drug screening.

Please contact Kerri Avila in our personnel department at 478-988-2797 if you have any further questions.

The following are the guidelines of which we operate each day. Your vital signs will be assessed prior to beginning any physical activity. If your vital signs register outside of our parameters, you will not be allowed to participate until they return to normal range.

Rehab Sector EMS Guidelines:

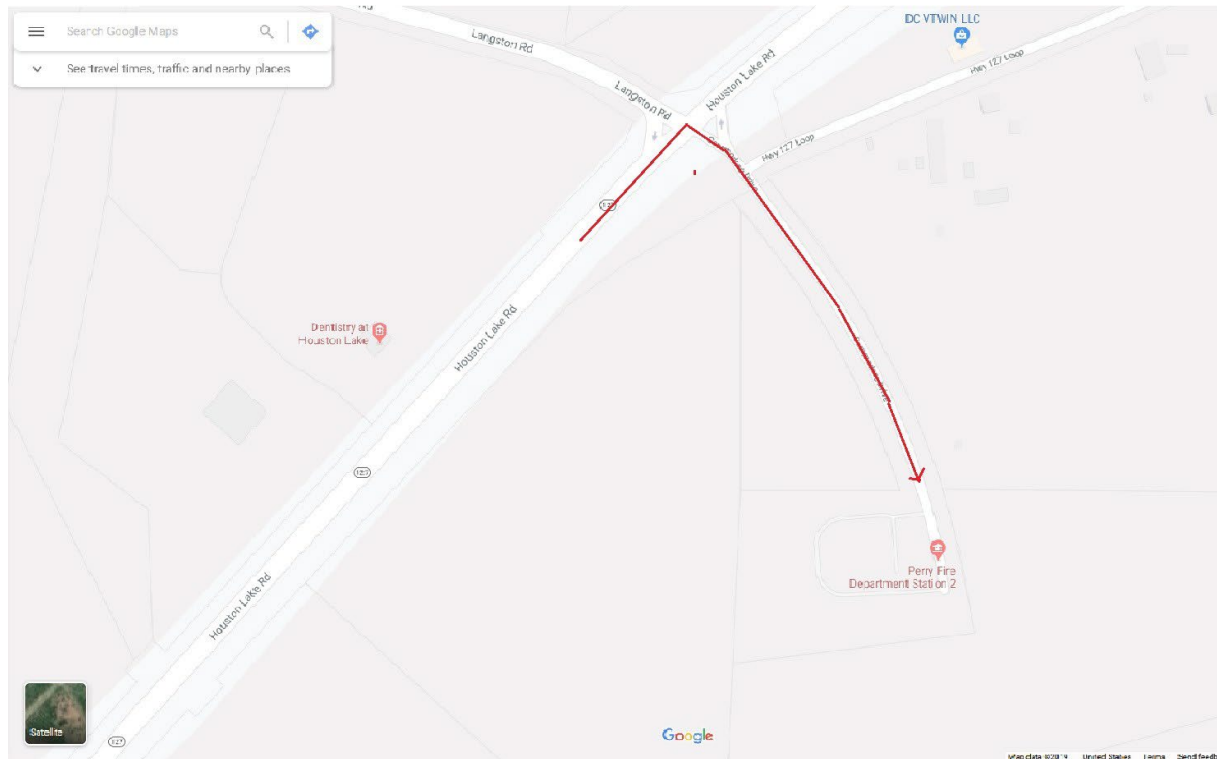

Each member's vital signs will be taken and recorded prior to the beginning of the physical agility test. The following criteria are used in the evaluation of candidates during the assessment.

- D Transportation to a health care facility is required when the diastolic blood pressure is ≥ 130 .
- D Transportation to a health care facility is also suggested when the diastolic blood pressure is ≥ 110 and the individual is symptomatic.
- D An individual may be transported to a health care facility for further evaluation when the diastolic blood pressure is ≤ 110 and the individual is symptomatic.
- D The individual may be transported to a health care facility when the systolic blood pressure is ≥ 200 and after further evaluation and rest the systolic BP is still ≥ 200 .
- D When a pulse rate of ≥ 140 is found, administer oxygen and fluids, rest for a minimum of 10 minutes, and reassess the individual. If the pulse is less than 140, the individual may return to work.
- D If after 10 minutes the pulse remains above 140, the individual must rest an additional 30 minutes.
- D If after 30 minutes the pulses rate remains above 140, it will be requested that the candidate be transported to a health care facility for further evaluation.

NOTE: If the candidate falls outside of the rehab sector guidelines after an adequate rest period, (a rest period may be negated if the candidate is symptomatic) the rehab sector officer will recommend that the candidate be transported to the hospital for further evaluation. If the candidate refuses to be transported, the candidate will be asked to sign an EMS refusal form and sent home to follow up with his/ her physician.

The Perry Fire Department reserves the right to deny the ability to test to any candidate that displays any vital signs outside the normal limits of what is listed in the guidelines above

Parking for Applicants at Station 2

FIREFIGHTER PHYSICAL AGILITY TEST

Being a firefighter is a very dangerous and physically demanding job. For this reason, a physical agility test has been developed. It will ensure everyone hired continues to meet at least a minimum level of physical conditioning needed to perform the job of firefighter.

The physical agility test consists of seven exercises that are to be performed consecutively. Each of the exercises are task related and are performed on a regular basis by firefighters. While you are doing the exercises you will be wearing protective clothing consisting of firefighting helmet, firefighting gloves, and self-contained breathing apparatus, with no mask and not breathing air. The time to successfully complete the test is seven (7) minutes. Athletic or work-out attire is strongly recommended.

1. STAIR CLIMB

Fires in multi-story units represent one of the greatest threats to life safety. The ability to move personnel and equipment to the floor of the fire for extinguishment or rescue is an essential function for structural firefighters.

CONDITIONS

A shoulder load of hose weighing approximately 40 lbs. should be picked up and carried up four flights of stairs. The hose can be carried over the shoulder or carried under the arm. (Hose will be two sections of 1 3/4" hose).

ABILITIES REQUIRED AND TRAINING RECOMMENDATIONS

The cardiovascular system is tested in this task along with strength and endurance of the leg muscles. Stair climbing exercises, particularly those performed under a load, have the most positive effects on preparation for this task. Resistance training exercises for the legs are also helpful.

2. HOISTING

There are several fire ground activities that necessitate repetitive motions such as pulling or hoisting. Pulling victims from a confined area or hoisting equipment and tools to upper floors or roofs are tasks that call for a combination of grip strength and endurance. The use of gloves while attempting to grasp objects has been demonstrated to reduce grip strength by 50%.

CONDITIONS

The hoist evolution will be done by hoisting a section of 3" hose up to the second floor of the training tower two times. The hoisting will be done with a hand-over-hand motion and the section of hose will be brought into the window and placed on the floor.

ABILITIES REQUIRED AND TRAINING RECOMMENDATIONS

The exercise requires upper body strength and grip strength. Any weight training that includes grasping and manipulation of heavy weights will have a beneficial effect on forearm flexors and grip strength.

3. FORCIBLE ENTRY AND VENTILATION

Gaining access to a building for the purpose of effecting rescue and extinguishment or performing ventilation is an essential function for fire suppression personnel. There are a variety of forcible entry tools that are used to perform this task. Two of the most common used tools are the axe and sledgehammer. The use of these tools is one of the most physically demanding jobs a firefighter could do.

CONDITIONS

For testing the forcible entry/ventilation skills, the sledgehammer is the safest and least skill-dependent tool. The act of chopping is one of the most basic fire ground activities. For the exercise, the firefighter shall straddle a weight while standing on two platforms (The Perry Fire Department uses a Keiser Sled). Using a 9 lb. dead blow sledgehammer, the firefighter strikes the weight repetitively, driving it a distance of 5 ft.

ABILITIES REQUIRED AND TRAINING RECOMMENDATIONS

The explosive power and endurance of the upper body muscle groups are demonstrated in the performance of this task. Resistance training of the upper body muscle groups is recommended.

4. THE VICTIM DRAG

The most critical task of a firefighter is the rescue of a citizen or a fellow firefighter. The importance of this task is directly related to the mission of the fire service.

CONDITIONS

The use of an anatomically correct rescue prop weighing about 175 lbs. will be utilized. The task is accomplished as follows: a mannequin is placed on the ground in a lying down position. The rescuer approaches the head, grasps the harness which is around the victim, lifts the victim off the ground while leaning against the weight of the victim. Then, while keeping his/her back straight and walking backwards, the rescuer shall drag the victim 100 ft. The rescuer may grasp the mannequin under the arms and drag it or place the rescue strap under the arms and drag it. The legs of the mannequin must touch the ground.

ABILITIES REQUIRED AND TRAINING RECOMMENDATIONS

Muscular strength and endurance are necessary for the victim drag. Resistance training with weights on the various muscle groups will provide the foundation for the performance of this task.

5. HOSE ADVANCE

Large and small diameter hose are routinely used in the job of firefighter. Carrying, dragging, and advancing charged hose lines are an essential function of firefighters. The weight of water is 8.33 lbs. per gallon. The weight of a charged hose line can easily reach weights of more than 400 lbs., depending on the size and length of the hose lay.

CONDITIONS

The lead end of a charged 100 ft. 1 3/4" hose line should be placed over the shoulder. While walking at a rapid pace without stopping, the line should be stretched by pulling it from a pre-connected water source a total distance of 75 ft.

ABILITIES REQUIRED AND TRAINING RECOMMENDATIONS

Pulling hose demands muscular strength and endurance of the large muscles of the legs. There is some need for torso strength so stabilize the upper body. Resistive training such as squats, knee flexing, and extensions are recommended.

6. CARRY EVOLUTION

Firefighters need to carry tools and equipment at a fire. Completion of this task demonstrates that the candidate has adequate strength to pick up and then carry an object an appropriate distance.

CONDITIONS

The candidate shall pick up an exhaust fan and carry it 75 ft. The fan shall be carried continuously without being dropped or placed down.

ABILITIES REQUIRED AND TRAINING RECOMMENDATIONS

Muscular strength and isometric endurance are required for this task. Resistance training for the arms and legs are most effective for this task.

7. LADDER EXTENSION

Ladders are commonly used on the fire ground to assist firefighters with gaining access to elevated positions, as well as serving as a means of egress in fires above the ground level.

CONDITIONS

The candidate, given a 24-foot extension ladder firmly secured to an object in the vertical position, must completely extend the fly section (top) to the top of the base using a controlled, hand over hand locking motion to keep continual upward movement. Once the ladder will no longer extend upward, the candidate must then lower the fly section until it has returned to the starting position with the fly touching the ground. This must be done in a controlled fashion.

ABILITIES REQUIRED AND TRAINING RECOMMENDATIONS

The exercise requires upper body strength and grip strength. Any weight training that includes grasping and manipulation of heavy weights will have a beneficial effect on forearm flexors and grip strength.
