Documents Required to be Submitted with Application

1. Detailed Construction Drawings
2. Structural Report (Required for Collocation Only)
3. Visual Depictions or Representations (Required for Above-Ground, If Not Included in Construction Drawings)
4. Location Map of Facilities Relative to the Boundaries of the Rights of Way
5. Certification that Application Complies with subsection (k) of O.C.G.A. § 36-66C-6(k) (Required for Installation of Poles or Replacement of Decorative Pole Only)

Applicant has determined after diligent investigation that it cannot meet the service objectives of the permit by collocating on an existing pole or support structure on which:

- A. The wireless provider has the right to collocate subject to reasonable terms and conditions; and
- B. Such collocation would not impose technical limitations or significant additional costs. The wireless provider shall certify that it has made such a determination in good faith, based on the assessment of a licensed engineer, and shall provide a written summary of the basis for such determination.

6. Certification Regarding Permission to Collocate (Required for Collocation on a Pole or Support Structure Owned by a Third Party other than an Authority Pole or Decorative Pole)

Applicant permission from _____, the owner of the pole / support structure upon which Applicant’s small wireless facility will be collocated.

7. Certification of Non-Wireless Services Provider (Required if the Applicant is not a Wireless Services Provider)

_____, a wireless services provider, has requested in writing that Applicant collocate the small wireless facilities or install, modify, or replace the pole or decorative pole at the requested location.

Additional Information

Section 23-84 of the Code of the City of Perry requires any person seeking to collocate a small wireless facility in the public right of way or to install, modify, or replace a pole or a decorative pole in the public right of way to submit an application to the Department of Community Development for a permit. This application is required to receive a permit. Any material change to information contained in an application shall be submitted in writing to the Department of Community Development within 30 days after the event necessitating the change.

This application **shall not** be used for:

- Approval to place facilities outside of the public rights of way.
- New, modified, or replacement poles installed in the right of way in a historic district or an area zoned primarily for residential that exceed 50 feet above ground level.
- New, modified, or replacement poles installed in the right of way outside of a historic district or an area zoned primarily for residential that exceed the greater of: (i) 50 feet above ground level and (ii) 10 feet greater in height above ground level than the tallest existing pole in the same public right of way in place as of January 1, 2019, and located within 500 feet of the new proposed pole.
- New small wireless facilities in the public right of way and collocated on an existing pole or support structure that exceed more than ten feet above the existing pole or support structure.
- New small wireless facilities in the public right of way collocated on a new or replacement that extend above the top of such poles.
- Installation, modification or replacement of a support structure.
- Any modification, maintenance, repair, or replacement that is not set forth in subsections (e) and (f) of O.C.G.A. § 36-66C-6 or that is not eligible for administrative review under O.C.G.A. § 36-66C-7.
